

June 24th, 2021

Dear Residents, Families & Team Members;

I am pleased to report that as of today, over 76 per cent of Ontarians aged 18 and over have received one dose of a COVID-19 vaccine and over 29 per cent have received their second dose. More than 13.3 million doses of the COVID-19 vaccine have been administered provincially.

As a result of achieving this vaccine threshold and the number of cases steadily decreasing, the government announced it will move to *Step 2* on **Wednesday, June 30th** as part of its *Roadmap to Reopening* plan. The [province's three-step plan](#) includes the reopening of [personal care services, defined](#) as **hair salons, manicure and pedicure salons**, and some aesthetician services. Only personal care services that can be done with a face-covering are permitted at this time.

Delmanor salons must operate with social distancing measures in effect at 25 per cent capacity. Surgical masks must continue to be worn at all times while inside our communities.

This is the best news in a very long time. Thank you for your extreme patience and ongoing support. Wishing everyone a happy and healthy upcoming Canada Day with family and friends.

Stay well.

Adam Fineman,

President & Chief Operating Officer
